CN workers and Strathcona County firefighters responded to a derailed train leaking hydrogen peroxide at the CN Scotford yards , Wednesday.

Eight cars about a third of the way down the 98 car train went off the track at around 3:45 p.m. near Range Road 214 and Highway 15. A tank car carrying hydrogen peroxide tipped over. A small amount of the chemical leaked through a valve said CN Spokesman Jim Feeney.

No one was injured during the incident.

Strathcona County Fire Chief Laird Burton said CN workers had the situation under control and firefighters responded for backup.

Burton said the leak was minor and posed no risk to the public. The track was cleared at about 10 p.m.

CN is investigating what caused the train to go off the track.
